Made in Italy

Discover AVUS Racing

 AVUS Racing è sinonimo di eccellenza e passione. Con un passato prestigioso come fornitore di team di Formula 1 e altre competizioni, oggi è un marchio registrato di RVS, azienda italiana fondata nel 1979 a Castelfranco Veneto e specializzata nella produzione di cerchi in lega leggera. La produzione interamente internalizzata garantisce un controllo rigoroso della qualità, certificato TÜV Rheinland secondo la normativa UNI EN ISO 9001:2015. I cerchi AVUS Racing uniscono sicurezza, prestazioni e design, e rispondono alle esigenze di chi cerca affidabilità, alte performance e uno stile inconfondibile.

 AVUS Racing is synonymous with excellence and passion. With a prestigious history as a supplier to Formula 1 teams and other competitions, it is now a registered brand of RVS, an Italian company founded in 1979 in Castelfranco Veneto and specialized in the production of light alloy wheels. Its fully in-house production ensures strict quality control, certified by TÜV Rheinland according to the UNI EN ISO 9001:2015 standard. AVUS Racing wheels combine safety, performance, and design, meeting the needs of those who seek reliability, high performance, and an unmistakable style.

 AVUS Racing steht für Exzellenz und Leidenschaft. Mit einer prestigeträchtigen Vergangenheit als Zulieferer von Formel-1-Teams und anderen Wettbewerben ist es heute eine eingetragene Marke von RVS, einem italienischen Unternehmen, das 1979 in Castelfranco Veneto gegründet wurde und auf die Herstellung von Leichtmetallfelgen spezialisiert ist. Die vollständig interne Produktion gewährleistet eine strenge Qualitätskontrolle, zertifiziert vom TÜV Rheinland nach der Norm UNI EN ISO 9001:2015. Die Felgen von AVUS Racing vereinen Sicherheit, Leistung und Design und erfüllen die Ansprüche all jener, die Zuverlässigkeit, hohe Performance und einen unverwechselbaren Stil suchen.

Our history

 Il 24 settembre 1921, sotto il sole di Berlino, la pista AVUS diventa icona dell'automobilismo. Curve e rettilinei ospitano sfide epiche, dove giovani piloti sognano di lasciare un segno. AVUS è simbolo di velocità e coraggio, reso vivo dal rombo dei motori e dall'odore dell'olio bruciato, emblema della modernità in arrivo. Da quell'atmosfera nasce AVUS Racing, marchio che celebra l'eredità di questa pista leggendaria con una gamma selezionata di cerchi in lega dal design distintivo, tecnologia avanzata e prestazioni eccellenti. Ogni cerchio è un omaggio tangibile a quella leggenda.

 On September 24, 1921, under the Berlin sun, the AVUS circuit became an icon of motorsport. Its curves and long straights hosted epic challenges, where young drivers dreamed of leaving their mark. AVUS stands as a symbol of speed and courage, brought to life by the roar of engines and the smell of burnt oil—an emblem of the modern era approaching. From that atmosphere was born AVUS Racing, a brand that celebrates the legacy of this legendary track with a selected range of alloy wheels featuring distinctive design, advanced technology, and outstanding performance. Each wheel is a tangible tribute to that legend.

 Am 24. September 1921 wird die AVUS-Strecke unter der Sonne Berlins zur Ikone des Automobilsports. Kurven und Geraden werden zum Schauplatz epischer Herausforderungen, auf denen junge Fahrer davon träumen, ihre Spuren zu hinterlassen. Die AVUS ist ein Symbol für Geschwindigkeit und Mut, zum Leben erweckt durch das Dröhnen der Motoren und den Geruch verbrannten Öls – Sinnbild einer aufkommenden Moderne. Aus dieser Atmosphäre entsteht AVUS Racing, eine Marke, die das Erbe dieser legendären Strecke mit einer ausgewählten Reihe von Leichtmetallfelgen feiert – mit unverwechselbarem Design, fortschrittlicher Technologie und hervorragenden Leistungen. Jede Felge ist eine greifbare Hommage an diese Legende.

An exciting choice

 Quando gli occhi osservano quella pulizia di linee, così armoniose e brillanti, è come se per un istante il mondo intorno si fermasse. Il design di un cerchio AVUS colpisce per la sua eleganza, passione e stile. Ogni linea e dettaglio riflette cura e precisione, trasmettendo una sensazione di autenticità e comfort. Non è solo un oggetto, ma un'espressione del tuo carattere. L'emozione che suscita è profonda e indimenticabile, la stessa che guida i designer e ingegneri AVUS nella creazione di ogni cerchio: un capolavoro pensato per valorizzare ciò che ami e riflettere la tua personalità e le tue passioni.

 When your eyes take in those clean, harmonious, and gleaming lines, it feels as if, for an instant, the world around you stands still. The design of an AVUS wheel captivates with its elegance, passion, and style. Every line and detail reflects care and precision, conveying a sense of authenticity and comfort. It's not just an object — it's an expression of your character. The emotion it evokes is deep and unforgettable, the same emotion that inspires AVUS designers and engineers in the creation of every wheel: a masterpiece conceived to enhance what you love and to reflect your personality and passions.

 Wenn die Augen diese Klarheit der Linien betrachten – so harmonisch und glänzend – scheint für einen Moment die Welt stillzustehen. Das Design einer AVUS-Felge beeindruckt durch Eleganz, Leidenschaft und Stil. Jede Linie und jedes Detail spiegeln Sorgfalt und Präzision wider und vermitteln ein Gefühl von Authentizität und Komfort. Sie ist nicht nur ein Objekt, sondern ein Ausdruck deines Charakters. Die Emotion, die sie hervorruft, ist tief und unvergesslich – dieselbe, die die Designer und Ingenieure von AVUS bei der Entwicklung jeder Felge antreibt: ein Meisterwerk, geschaffen, um das, was du liebst, aufzuwerten und deine Persönlichkeit sowie deine Leidenschaften widerzuspiegeln.

High technology Made in Italy

 La produzione dei cerchi AVUS Racing è un processo avanzato che unisce ingegneria di precisione, tecnologia all'avanguardia e rigorosi controlli di qualità. Dalla progettazione con simulazioni FEM, alla fusione dell'alluminio in stampi d'acciaio, ogni fase è studiata per garantire sicurezza, prestazioni e affidabilità. La lavorazione meccanica avviene con macchine CAM ad alta precisione, seguita da test approfonditi: raggi X, flessione e impatto. Il tocco finale è la diamantatura e la verniciatura a polvere, che assicurano estetica e protezione duratura. Un capolavoro di tecnologia e stile, 100% made in Italy.

 The production of AVUS Racing wheels is an advanced process that combines precision engineering, cutting-edge technology, and rigorous quality control. From design with FEM simulations to the aluminum casting in steel molds, every stage is carefully planned to ensure safety, performance, and reliability. The mechanical processing is carried out with high-precision CAM machines, followed by thorough testing — including X-rays, bending, and impact tests. The final touch is diamond cutting and powder coating, ensuring lasting aesthetics and protection. A masterpiece of technology and style, 100% made in Italy.

 Die Produktion der AVUS-Racing-Felgen ist ein hochentwickelter Prozess, der Präzisionsingenieurwesen, modernste Technologie und strenge Qualitätskontrollen vereint. Von der Konstruktion mit FEM-Simulationen über das Gießen des Aluminiums in Stahlformen ist jeder Schritt darauf ausgelegt, Sicherheit, Leistung und Zuverlässigkeit zu gewährleisten. Die mechanische Bearbeitung erfolgt auf hochpräzisen CAM-Maschinen, gefolgt von umfassenden Prüfungen: Röntgenkontrollen, Biege- und Aufpralltests. Den letzten Schliff bilden das Diamantschneiden und die Pulverbeschichtung, die sowohl Ästhetik als auch dauerhaften Schutz garantieren. Ein Meisterwerk aus Technologie und Stil – 100 % Made in Italy.
